Flexible solution

ECHO is a comprehensive solution, not a one-size-fits-all approach. Our end-to-end solution is tailored to fit your needs for vendors, commissions, and member payments.

Network scale

With 1.6M + unique provider and vendor connections, we have the largest payment network, allowing increased digital adoption rates and fast, painless payment processing.

Seamless integration

Implementation and workflow designs are built around unique needs for seamless integration, with minimal time commitment for IT teams.

Compliance expertise

We're compliance experts, processing HIPAA, HITRUST, OFAC, and IRS 1099 compliant transactions, for your peace of mind.

Tested credibility

We are trusted to process \$110B+ in payments every year, we can help with your payment challenges, too.

Electronic payment modalities:

- Digital check
- Digital wallet
- Virtual card
- All payer ACH

Included services:

- Print and postage
- Bank fees
