## **Aetna Better Health® of Florida** Children's Health Insurance Program (CHIP)

Dear Aetna Provider,

Aetna Better Health of Florida would like to advise you of the Children's Health Insurance Program (CHIP) available programs.

The **CHIP** Program in Florida includes the following three programs:

- **MediKids** – for children ages 1 through 4, administered by the Agency for Health Care Administration. Children are enrolled in Medicaid MMA health plans.
- **Healthy Kids** - for children ages 5 through 18, administered by the Florida Healthy Kids Corporation. Children are enrolled in Healthy Kids health and dental plans.
- **Title XXI Children's Medical Services Plan (Title XXI CMS Plan)** – for children through age 18 with special health care needs, administered by the Department of Health.

Children with CHIP coverage are not eligible for vaccines through the Vaccine For Children program. Each CHIP program has their own delivery system for accessing services and claims submissions. Providers need to determine the type of coverage a child has in order to submit claims and be reimbursed correctly.
