

P4P PrePayment Program FAQs

Q: What is the Quality Prepayment Program?

A: The Quality Prepayment Program is the P4P program for 2020, where all providers are being paid for the P4P program prior to the end of year.

Q: What is the difference between P4P and a P4P Prepayment Program?

A: The P4P Program pays providers as HEDIS gaps are closed in the measurement year and the Prepayment Program is paying providers in advance for those same measures closed in 2019.

Q: How was the P4P prepayment calculated?

A: The P4P prepayment was calculated based on the Provider's 2019 HEDIS incentive performance. Each measure has a specific incentive amount that is paid after a target score is achieved. The 25% increase for 2020 is a 25% increase in payment, it is not based on increasing the provider's score by 25% and then calculating the payment.

Q: How can the P4P prepayment result in increased quality performance?

A: The P4P prepayment can enhance quality of care by incentivizing PCPs to focus on preventive and screening services. IlliniCare Health is excited to set up SDS feeds which automate reporting and increase performance and related incentives. We also request access to your system's EMR for medical records auditing purposes.

Q: Will IlliniCare Health facilitate a reconciliation if our results exceed or underachieve our targets?

A: IlliniCare Health will not facilitate a reconciliation.

Q: Will there be additional payouts in 2021 for the 2020 P4P program?

A: The 2020 P4P program is a one-time payout program being offered for the entire 2021 reporting year.

Q: Who should I contact if I have questions regarding the P4P payment?

A: Please reach out to IlliniCare Health's Quality Improvement department at 833-216-7279.

Q: What support will IlliniCare Health provide for the remainder of 2020 to assist in meeting and exceeding targets?

A: IlliniCare Health will continue to provide quality improvement, provider relations, pharmacy, contracting, community outreach and care management services to all providers and members.
