aetna

Aetna Better Health® of Texas

Coming Soon: New EDI Trading Partner Agreement Required by May 15, 2027

Aetna Better Health® of Texas would like to make providers aware of an upcoming Texas Medicaid & Healthcare Partnership (TMHP) requirement for Electronic Data Interchange (EDI) submitters.

Beginning **December 1, 2026,** a new EDI Trading Partner Agreement will be available. All EDI submitters must electronically submit the new agreement through the TMHP website by **May 15, 2027.** This requirement is intended to enhance the security of EDI submitter accounts.

Important: TMHP will deactivate EDI submitter accounts that do not have an updated EDI Trading Partner Agreement by May 15, 2027.

Based on the provider type, TMHP may also require additional documentation. These forms will also be available for electronic submission through the TMHP website.

Providers and EDI submitters are encouraged to regularly check **tmhp.com** and the **EDI Get Started** webpage for updates and sign up for **GovDelivery** notifications for additional information.

For questions, contact the **TMHP EDI Help Desk at 888-863-3638.**

Thank you for your continued partnership.

Sincerely,

Provider Engagement Aetna Better Health® of Texas
